

NESTLING

Meaning: Nestling: a young bird that has not yet fledged, typically still dependent on its parents for food and care.

1. The nestling chirped loudly, demanding food from its mother.
2. As the sun set, the nestling tucked its head under its wing, ready to sleep.
3. Volunteers at the wildlife center cared for the orphaned nestling until it was strong enough to fly.
4. The mother bird tirelessly fed her nestling, bringing it insects and seeds throughout the day.
5. Watching the nestling grow stronger each day filled the children with joy and excitement.
6. The mother bird carefully feeds her nestling, ensuring it grows strong and healthy.
7. After weeks of care, the nestling finally spread its tiny wings, preparing for its first flight.
8. In the early morning light, the chirping of the nestling echoed through the quiet garden.
9. The conservationists were thrilled to discover a nestling in the previously abandoned birdhouse.
10. Watching the nestling being nurtured by its parent was a heartwarming sight in the wild.
