

# NIGHTMAN

*Meaning: NIGHTMAN: A person who works during the night, often in roles such as a caretaker or security guard, and is typically associated with the night-time environment of a community.*

1. The nightman arrived just as the sun began to set, ready to start his shift.
2. In the small town, the nightman was a local legend, always seen but rarely spoken to.
3. After a long day, she felt a sense of relief knowing the nightman would take over the streets.
4. The children whispered stories about the nightman, imagining him as a mystical protector of the dark.
5. As the clock struck midnight, the nightman made his rounds, ensuring everything was in order.
