

NIMBUS

Meaning: Nimbus: a luminous cloud or halo surrounding a celestial body or an atmospheric phenomenon, often associated with rain or a radiant glow.

1. The storm clouds gathered ominously in the sky, forming a dark nimbus that threatened rain.
2. As the sun set, a beautiful nimbus of orange and pink hues spread across the horizon.
3. The artist captured the ethereal nimbus surrounding the mountain peak in her breathtaking painting.
4. He felt a sense of calm wash over him as he stood under the nimbus of the tall, leafy trees.
5. The weather forecast warned of a nimbus formation that could lead to severe thunderstorms later in the day.
