

NOGHT

Meaning: NOGHT (noun): A mythical entity or phenomenon associated with granting wishes and creating an eerie, mysterious atmosphere.

1. The old legend claims that a noght can grant wishes to those who find it under the full moon.
2. As the fog rolled in, the atmosphere became eerily noght, cloaking everything in mystery.
3. During the festival, people dressed in vibrant colors, celebrating the noght of the harvest with music and dance.
4. In the quiet of the noght, I often find myself reflecting on the day's events and contemplating the future.
5. The noght was filled with the sound of crickets, creating a soothing backdrop for our late-night conversation.
