

# NONSOLUTION

*Meaning: NONSOLUTION: a proposed answer or approach that does not effectively resolve the problem at hand.*

1. The committee's proposal was dismissed as a nonsolution that failed to address the core issue.
2. In the face of growing challenges, clinging to a nonsolution only delays the inevitable.
3. Many critics argue that the administration's policy is merely a nonsolution that glosses over deeper systemic problems.
4. The team's brainstorming session resulted in several creative ideas, but none were more than a nonsolution to the pressing dilemma.
5. He realized that continuing with the same approach was a nonsolution, and it was time to rethink their strategy.
