

NYCTOPHILE

Meaning: Nyctophile: a person who loves or is attracted to the night and darkness.

1. A true nyctophile finds solace in the quiet beauty of the night sky.
2. Her nyctophile tendencies often led her to late-night adventures under the stars.
3. The bookstore's cozy atmosphere in the evening attracted many nyctophiles seeking refuge from the day's chaos.
4. He often joked that being a nyctophile was his way of embracing the mysteries of life after dark.
5. For a nyctophile, the stillness of the night can be more invigorating than the hustle of the daytime.
