

OBROK

Meaning: Obrok is a form of payment or tribute, typically in the form of food or livestock, given by peasants to landlords or for the sustenance of livestock.

1. The farmer decided to offer obrok to his livestock to ensure they received proper nutrition.
2. During the medieval period, many peasants paid their landlords in obrok, which often consisted of grains or livestock.
3. In some cultures, obrok was seen as a traditional form of tribute or tax that was essential for agricultural sustainability.
4. The concept of obrok varies widely, with some regions requiring more than just monetary contributions from their community members.
5. She explained that obrok not only represented a form of payment but also a bond between the land and its caretakers.
