

# OBSOLETISM

*Meaning: Obsolescence is the phenomenon of becoming outdated or no longer in use due to advancements or changes in trends.*

1. The rapid evolution of technology often leads to the obsolescence of older devices that once seemed revolutionary.
2. In the world of fashion, obsolescence can occur as trends quickly fade, leaving once-popular styles in the dust.
3. The obsolescence of certain skills in the workforce highlights the need for continuous education and training.
4. As digital media rises, the obsolescence of physical formats like CDs and DVDs becomes increasingly evident.
5. Critics argue that planned obsolescence contributes to obsolescence, forcing consumers to constantly upgrade to newer models.
