

OFFENDANT

Meaning: Offendant: a person who has committed an offense or wrongdoing, particularly in a legal context.

1. The court ruled that the offenders must face the consequences of their actions.
2. The lawyer argued that the offender acted out of desperation rather than malice.
3. In the case, the offender was given a chance to redeem themselves through community service.
4. Witnesses recounted the event, painting a complex picture of the offender's motivations.
5. The judge emphasized the importance of rehabilitation for the offender rather than merely punitive measures.
