OMNIPRESENCY

Meaning: Omnipresency refers to the state of being present everywhere simultaneously, often used to describe the pervasive nature of technology or the divine presence of a deity.

1. The omnipresency of technology in our daily lives has transformed how we communicate and interact.

2. In religious contexts, the concept of God's omnipresency reassures believers of His constant support and guidance.

3. The omnipresency of social media has reshaped modern culture, influencing everything from politics to personal relationships.

4. Many argue that the omnipresency of surveillance in urban areas raises significant privacy concerns.

5. The artist portrayed nature's omnipresency in her work, highlighting the interconnectedness of all living things.
