

OMNISCIENCE

Meaning: Omniscience is the state of having infinite knowledge or complete awareness, often attributed to a divine being.

1. The concept of omniscience suggests a level of knowledge that surpasses human understanding.
2. Many religious texts attribute omniscience to a divine being, emphasizing their all-knowing nature.
3. In philosophy, discussions of omniscience often lead to debates about free will and determinism.
4. The scientist's pursuit of knowledge can sometimes feel like a quest for omniscience in an ever-expanding universe.
5. Literature frequently explores the theme of omniscience through narrators who seem to know the thoughts and feelings of every character.
