

OPIFICE

Meaning: Opifice: a grand or significant entrance or opening, often to a building or structure, especially one with historical or architectural importance.

1. The opifice of the ancient temple was adorned with intricate carvings that told stories of a bygone era.
2. As we approached the opifice, the cool breeze carried a sense of mystery and anticipation.
3. Inside the opifice, sunlight streamed through the stained glass, casting colorful patterns on the stone floor.
4. The opifice stood as a testament to the craftsmanship of the artisans who built it centuries ago.
5. Visitors were awestruck by the sheer grandeur of the opifice, which seemed to touch the heavens.
