

OPTICIAN

Meaning: An optician is a professional who specializes in designing, fitting, and dispensing glasses and contact lenses based on prescriptions from eye care practitioners.

1. The optician recommended a new pair of glasses that would better suit my vision needs.
2. After my eye exam, the optician helped me choose a stylish frame for my prescription lenses.
3. I always trust my optician's advice when it comes to selecting the best contact lenses.
4. The local optician offered a great deal on eye exams and lens fittings this month.
5. Visiting the optician regularly can help catch any vision problems early on.
