

ORDERER

Meaning: ORDERER: A person or entity that places an order for goods or services, often with the authority to specify details such as delivery dates and customization options.

1. The orderer specified the delivery date to ensure timely arrival.
2. As the orderer, she had the final say on the customization options for the product.
3. The restaurant requires the orderer to confirm their choices before processing the payment.
4. In case of any issues, the orderer can reach out to customer service for assistance.
5. The orderer's feedback was instrumental in enhancing the overall service experience.
