

ORIENTALISM

Meaning: Orientalism refers to the representation and interpretation of Eastern cultures, often characterized by stereotypes and romanticized imagery, particularly in Western art and literature.

1. Orientalism has often been critiqued for perpetuating stereotypes about Eastern cultures.
2. In literature, Orientalism can be seen in the romanticized depictions of Asian landscapes and traditions.
3. The exhibition explored the impact of Orientalism on Western art and its representation of the East.
4. Scholars argue that Orientalism reflects more about Western fantasies than about the realities of Eastern societies.
5. The concept of Orientalism raises important questions about cultural appropriation and representation.
