

ORIGINALIST

Meaning: An originalist is a legal scholar or jurist who interprets the Constitution based on the understanding and intentions of its framers at the time it was written.

1. An originalist interpretation of the Constitution seeks to understand its meaning as it was intended at the time of its drafting.
2. Many legal scholars consider originalism a crucial approach for maintaining the rule of law in constitutional interpretation.
3. The Supreme Court's originalist justices often argue that modern societal changes should not influence the interpretation of historical texts.
4. Critics of originalism argue that it can lead to an overly rigid application of laws that were designed for a different era.
5. As an originalist, she believed that the framers' intent should guide the judiciary in its decisions on constitutional matters.
