

# OUTRIDER

*Meaning: Outrider: a person who rides ahead of a group, often to scout for dangers or to lead a procession.*

1. The outrider raced ahead of the main group to scout for any potential dangers on the trail.
2. As the parade began, the outrider signaled the start with a flourish of their flag.
3. In medieval times, an outrider often served as a protector for the royal entourage during travels.
4. The outrider's role was crucial in ensuring that the procession remained safe from ambushes.
5. He took pride in being the outrider, as it allowed him to experience the thrill of the open road ahead.
