

OVERWAX

Meaning: Overwax refers to the application of an excessive amount of wax to a surface, particularly a vehicle, which can result in a buildup that diminishes its appearance and shine.

1. Overwaxing can lead to an unsightly buildup that dulls the shine of your car's finish.
2. It's important to follow the manufacturer's recommendations to avoid overwaxing your vehicle.
3. If you notice a hazy residue on your surface, it might be a sign that you've overwaxed.
4. Overwax can make surfaces feel sticky rather than smooth, detracting from their appearance.
5. To achieve the best results, use the right amount of product and avoid overwaxing.
