

OVERZEAL

Meaning: Overzeal refers to excessive enthusiasm or eagerness that can lead to negative consequences, such as overwhelming others or causing frustration.

1. His overzeal in promoting the new project often overwhelmed the team, leading to burnout.
2. The coach's overzeal during practice sometimes frustrated the players, who just wanted to enjoy the game.
3. Despite her good intentions, her overzeal in organizing the event caused unnecessary stress for everyone involved.
4. The manager's overzeal for perfection drove the employees to meet unrealistic standards, resulting in high turnover.
5. While enthusiasm is important, overzeal can sometimes alienate potential supporters rather than attract them.
