

PADRONE

Meaning: Padrone refers to the owner or master of a business, particularly in Italian culture, who oversees operations and often fosters a welcoming environment for both staff and patrons.

1. The padrone of the trattoria welcomed us with a warm smile and a hearty handshake.
2. In Italian culture, the padrone often takes on the role of a benevolent overseer, ensuring the well-being of his staff.
3. As the padrone of the estate, he oversaw the daily operations and managed the household staff.
4. Many artists sought the patronage of a padrone to support their creative endeavors in exchange for their work.
5. The padrone's influence in the village was evident, as everyone respected his opinions and decisions.
