

PANDERISM

Meaning: Panderism is the practice of catering to popular desires or opinions, often at the expense of integrity and genuine discourse.

1. Panderism in politics often undermines genuine discourse in favor of populist sentiments.
2. Critics argue that panderism is a betrayal of integrity, as it prioritizes appeasing the masses over ethical standards.
3. The author's novel was criticized for its panderism, as it seemed more focused on popularity than meaningful storytelling.
4. In the world of advertising, panderism can lead brands to compromise their values just to attract a larger audience.
5. Many artists struggle with panderism, trying to balance commercial success with their creative vision.
