

PARADOXICALLY

Meaning: Paradoxically means in a manner that seems contradictory or illogical but may reveal a deeper truth.

1. Paradoxically, the more we learn about the universe, the more we realize how little we actually know.
2. She felt, paradoxically, liberated by the very constraints that once held her back.
3. Paradoxically, his efforts to avoid conflict only seemed to escalate the tension in the room.
4. The team was paradoxically inspired by their recent failures, seeing them as stepping stones to success.
5. Paradoxically, the solution to their problems lay in embracing the very chaos they sought to escape.
