

PAROCHIAL

Meaning: Parochial refers to having a narrow or limited perspective, often focused on local or trivial matters rather than broader or global issues.

1. His parochial views often limited his understanding of global issues.
2. The committee's parochial focus on local concerns neglected broader social implications.
3. She found it hard to relate to her friend's parochial attitude towards different cultures.
4. The school emphasized a parochial education that didn't fully prepare students for a diverse world.
5. Despite living in a cosmopolitan city, his parochial mindset kept him isolated from new experiences.
