

PATERNALISM

Meaning: Paternalism is the practice of governing or managing individuals or groups in a way that limits their autonomy for their supposed benefit, often prioritizing societal welfare over personal freedoms.

1. Paternalism in government policies often leads to debates about individual freedoms versus societal welfare.
2. Many critics argue that paternalism can undermine personal responsibility and autonomy.
3. The company's paternalism was evident in its decision to provide health care benefits for employees' families.
4. In some cultures, paternalism is deeply rooted in the belief that elders should guide the younger generation.
5. The writer's exploration of paternalism in his novel raises important questions about authority and trust.
