

PAUPERIZATION

Meaning: Pauperization is the process of becoming extremely poor or impoverished, often due to economic hardship or inadequate social support.

1. The ongoing economic crisis has led to the pauperization of many families across the nation.
2. Pauperization can occur rapidly in societies where social safety nets are inadequate.
3. The documentary highlights the pauperization of rural communities as industries move to urban areas.
4. Efforts to combat pauperization include implementing universal basic income programs.
5. Pauperization often exacerbates existing inequalities, creating a cycle that is hard to break.
