

# PAWNABLE

*Meaning: Pawnable refers to an item that can be used as collateral for a loan at a pawn shop, typically because it has value and can be sold.*

1. The antique watch she inherited was considered pawnable, providing an option for quick cash if needed.
2. Many people find themselves in difficult financial situations and often turn to pawnable items like jewelry for help.
3. He was relieved to discover that his old guitar was still pawnable, despite its worn condition.
4. The pawn shop owner explained which electronics were pawnable and which were not due to their depreciation.
5. When assessing the value of a pawnable asset, it's important to consider both its condition and market demand.
