

PELAGIANISM

Meaning: Pelagianism is a theological doctrine that asserts the primacy of human free will in achieving salvation, rejecting the necessity of divine grace.

1. Pelagianism emphasizes the role of human free will in the process of salvation.
2. The debate over Pelagianism led to significant theological divisions in early Christianity.
3. Many theologians criticized Pelagianism for downplaying the necessity of divine grace.
4. In modern discussions, Pelagianism is often referenced in relation to debates about human nature and sin.
5. The rejection of Pelagianism was a pivotal moment for the development of Christian doctrine on grace and free will.
