

PENANNULAR

Meaning: Penannular refers to a type of jewelry or ornament that is shaped like a partial ring, typically open at one end, allowing for adjustability or fastening.

1. The penannular design of the ring made it easy to adjust for different finger sizes.
2. In ancient times, penannular brooches were commonly used to fasten garments.
3. The archaeologist discovered a collection of penannular artifacts during the excavation.
4. Her penannular earrings caught the light beautifully, enhancing her elegant outfit.
5. The distinctive shape of the penannular clasp allowed for a secure yet flexible fastening.
