

PENINSULA

Meaning: A peninsula is a landform that is surrounded by water on three sides and extends into a body of water, typically characterized by its scenic coastal features.

1. The picturesque peninsula juts out into the shimmering blue sea.
2. Tourists flock to the peninsula to enjoy its stunning coastal landscapes.
3. Wildlife thrives in the protected areas of the peninsula, making it a haven for nature lovers.
4. The historic lighthouse on the tip of the peninsula has guided sailors for over a century.
5. During the summer, the beaches along the peninsula become lively with families and sunbathers.
