PENTROOF

Meaning: PENTROOF: A type of roof characterized by a sloped design that enhances drainage and contributes to the overall aesthetic of a building.

1. The architect designed a modern house featuring a sleek pentroof that added a unique silhouette to the skyline.

2. During the renovation, they decided to replace the old flat roof with a stylish pentroof for better drainage and aesthetics.

3. The pentroof not only provided extra headroom in the attic but also allowed for larger windows that flooded the space with natural light.

4. Neighbors admired the new construction, particularly its innovative use of a pentroof that harmonized with the surrounding architecture.

5. In traditional architecture, a pentroof is often used to create a transition between different roof levels, enhancing visual interest.
