

PERJURY

Meaning: Perjury is the act of deliberately providing false information or lying under oath, particularly during legal proceedings.

1. The witness was charged with perjury after he contradicted his earlier testimony.
2. During the trial, the prosecutor highlighted the consequences of committing perjury.
3. She faced severe penalties for perjury after lying under oath about her alibi.
4. The defendant's case was weakened by evidence suggesting perjury from one of the key witnesses.
5. Perjury not only undermines the justice system but also erodes public trust in legal proceedings.
