

PERPETRATOR

Meaning: Perpetrator: a person who commits a crime or wrongdoing.

1. The police were able to identify the perpetrator through security footage from the nearby store.
2. In many cases, the perpetrator of the crime is known to the victim, complicating the investigation.
3. The courtroom was tense as the perpetrator listened to the testimonies of those affected by his actions.
4. Advocates for victims often emphasize the need for justice against the perpetrator, not just rehabilitation.
5. Law enforcement agencies are collaborating to track down the perpetrator before he can strike again.
