

PERQUISITION

Meaning: Perquisition: a thorough search or examination, especially in a legal context, typically conducted by authorities to gather evidence.

1. The detective obtained a warrant for the perquisition of the suspect's home.
2. During the perquisition, investigators uncovered crucial evidence linking the suspect to the crime.
3. The legal team challenged the validity of the perquisition, arguing it violated their client's rights.
4. After the perquisition was completed, the police released a statement detailing their findings.
5. In a surprising turn of events, the perquisition revealed documents that changed the course of the investigation.
