

PHARISAISM

Meaning: Pharisaism is a practice or attitude characterized by a strict adherence to rules or traditions, often accompanied by a lack of genuine understanding or moral integrity.

1. Pharisaism often manifests as a rigid adherence to rules without understanding their underlying purpose.
2. Critics argue that contemporary movements sometimes reflect a form of Pharisaism, focusing on outward appearances rather than genuine moral integrity.
3. The teacher warned his students against Pharisaism, emphasizing the importance of compassion over mere compliance with regulations.
4. In literature, characters exhibiting Pharisaism are frequently portrayed as hypocritical and lacking true virtue.
5. Pharisaism can be detrimental to community dynamics, leading to judgment and division rather than support and understanding.
