

PINETUM

Meaning: Pinetum: a botanical garden or area specifically dedicated to the cultivation and display of pine trees.

1. The botanical garden features a beautifully curated pinetum that showcases various species of pine trees.
2. Visitors to the park often enjoy peaceful strolls through the pinetum, surrounded by the scent of fresh pine needles.
3. Dedicated to conservation, the pinetum serves as a research site for studying the effects of climate change on coniferous trees.
4. In autumn, the pinetum transforms into a stunning display of colors as the needles transition from vibrant green to shades of gold and brown.
5. The educational programs offered at the pinetum aim to raise awareness about the importance of preserving forest ecosystems.
