

PLACKET

Meaning: Placket: a finished opening in a garment, typically where buttons or fasteners are applied, allowing for ease of wear and decorative detail.

1. The tailor carefully stitched a decorative pattern along the placket of the shirt.
2. As she buttoned her jacket, the placket gave a subtle hint of the fabric beneath.
3. He admired the intricate design on the placket of her vintage dress.
4. The placket was slightly frayed, revealing the garment's age and character.
5. She chose a contrasting color for the placket to add a pop of visual interest to her outfit.
