

# PLATITUDINIZE

*Meaning: To platitudinize means to speak in clichéd or trite expressions, often resulting in a lack of originality or depth in communication.*

1. To avoid sounding repetitive, the speaker tried not to platitudinize during the discussion.
2. Her tendency to platitudinize made it difficult for the audience to engage with her ideas.
3. He often platitudinized in his writing, which left readers craving more depth and originality.
4. In a world full of clichés, it's refreshing to hear someone who refuses to platitudinize.
5. The politician's speech was criticized for its tendency to platitudinize rather than offer concrete solutions.
