

PLATOON

Meaning: A platoon is a military unit typically composed of two or more squads, led by a lieutenant, and designed to operate together in coordinated actions.

1. The platoon advanced cautiously through the dense forest.
2. Each soldier in the platoon knew their role and worked seamlessly together.
3. After the drill, the platoon was commended for their exceptional teamwork.
4. The sergeant called the platoon to attention before the morning briefing.
5. In battle, the strength of the platoon relied on their trust in one another.
