

PLAYA

Meaning: Playa: a dry, flat area in a desert or semi-arid region that is often covered with salt or clay, typically formed by the evaporation of water.

1. The sun set behind the sandy playa, casting a golden glow over the vast expanse.
2. During our road trip, we decided to stop and explore the unique geological features of the playa.
3. Locals often gather at the playa for music festivals, turning the dry lakebed into a lively celebration.
4. The artist used the stark contrast of the white playa to highlight the vibrant colors of her installation.
5. Wildflowers bloomed unexpectedly around the edges of the playa, creating a stunning natural tapestry.
