

PLAZA

Meaning: Plaza: a public square or open space in a city or town, often used for gatherings, events, and social activities.

1. The city council decided to renovate the old plaza to make it more inviting for visitors.
2. Families gathered in the plaza for the annual summer festival, enjoying music and food stalls.
3. A street artist showcased his talent by painting a vibrant mural on the plaza's central wall.
4. As the sun set, the plaza was beautifully illuminated, creating a magical atmosphere for evening strolls.
5. The historic plaza served as a popular meeting point for locals and tourists alike.
