

PLURALITY

Meaning: Plurality refers to the condition of having the largest number or majority of something, particularly in the context of opinions or votes, without necessarily achieving an absolute majority.

1. The plurality of opinions in the room made the discussion lively and engaging.
2. In a democracy, a plurality of votes often determines the outcome of an election.
3. The artist's work reflects a plurality of cultural influences that enrich its meaning.
4. To achieve a true plurality, it's essential to consider diverse perspectives and voices.
5. The concept of plurality challenges the notion of a single, dominant narrative in society.
