

# POLITICASTER

*Meaning: Politicaster: a politician or public figure who focuses on superficial appeal and self-promotion rather than substantive political issues or genuine public service.*

1. The local news station criticized the politician for being a mere politicaster, lacking genuine concern for the community.
2. In his latest speech, he came off as a politicaster more interested in soundbites than real solutions.
3. The debate highlighted the contrast between true leaders and politicasters who thrive on sensationalism.
4. Frustrated by the constant antics of politicasters, many voters began to seek candidates with integrity.
5. Her analysis of the recent election revealed how politicasters often overshadow serious candidates in the media.
