

POLLUTER

Meaning: Polluter: a person, organization, or entity that contaminates the environment by releasing harmful substances into air, water, or soil.

1. The factory was identified as the primary polluter in the region, releasing toxins into the air and water.
2. Citizens rallied against the polluter, demanding stricter regulations and accountability for environmental damage.
3. As a result of their actions, the polluter faced heavy fines and was required to implement cleaner technologies.
4. Environmental activists worked tirelessly to raise awareness about the impact of being a polluter on local wildlife.
5. The new legislation aimed to target these large polluters and incentivize them to adopt sustainable practices.
