

# POTBOILER

*Meaning: A potboiler is a work of art, especially literature or film, that is produced primarily for profit and is characterized by its lack of originality and depth, often relying on clichés.*

1. The author's latest novel is a predictable potboiler that relies heavily on clichés.
2. Critics dismissed the film as a shallow potboiler, lacking any real depth or originality.
3. Despite being a potboiler, the book managed to capture a devoted readership eager for escapism.
4. She was surprised to find a potboiler among the classics on the shelf in the library.
5. The playwright's new work is a potboiler designed to attract audiences with its sensational plot twists.
