

# PRACTICALLY

*Meaning: 'Practically' means almost or nearly; to a great extent but not completely.*

1. Practically everyone I know is excited about the upcoming concert.
2. The instructions were practically useless, leaving us more confused than before.
3. She practically jumped for joy when she heard the good news.
4. His explanation was so clear that it made the complex topic practically simple.
5. The new software is practically identical to the previous version, with only minor updates.
