

PRIESTISM

Meaning: Priestism refers to the system or practice of religious leadership and authority held by priests within a spiritual or community context.

1. The concept of priestism has been debated among scholars of religion for centuries.
2. In some cultures, priestism is seen as a vital aspect of spiritual leadership and community guidance.
3. Critics argue that priestism can lead to authoritarian structures within religious organizations.
4. The rise of secularism has challenged traditional notions of priestism in modern society.
5. Many believe that priestism can foster a sense of belonging, but it also risks excluding outsiders.
