

PROSAISM

Meaning: Prosaicism refers to a quality of writing that is straightforward, ordinary, or lacking in poetic or imaginative elements.

1. The author's prose was often criticized for its prosaism, lacking the lyrical quality that many of his contemporaries embraced.
2. In contrast to her previous works, this novel embraces a certain prosaism that grounds the narrative in reality.
3. While prosaism can provide clarity, it sometimes sacrifices the emotional depth found in more poetic forms of writing.
4. The lecture on prosaism highlighted how mundane language can convey complex ideas in a straightforward manner.
5. Despite its prosaic elements, the story captivated readers with its relatable characters and authentic dialogue.
