

PROSPECTUS

Meaning: A prospectus is a formal document that provides detailed information about an institution's offerings or a company's financial details to inform potential students or investors.

1. The university's prospectus provided detailed information about its academic programs and campus life.
2. Investors reviewed the company's prospectus carefully before deciding to buy shares in the new startup.
3. As part of the application process, students were required to submit a prospectus outlining their research proposals.
4. The prospectus for the upcoming art exhibition highlighted the featured artists and their unique styles.
5. Families received a colorful prospectus in the mail, showcasing the summer camp's activities and location.
