

# PUNCTUATOR

*Meaning: A punctuator is a person or element that uses punctuation marks to clarify meaning and improve the structure of written language.*

1. A punctuator can dramatically change the meaning of a sentence by altering the placement of a comma.
2. In writing, a good punctuator knows when to use a period instead of a semicolon to enhance clarity.
3. The editor was a skilled punctuator, expertly refining the manuscript's structure with precise punctuation.
4. Misplacing a single punctuation mark can turn a clear statement into a confusing jumble for even the best punctuator.
5. As a punctuator, her attention to detail ensured that every piece of text conveyed its intended message effectively.
