

PYRE

Meaning: A pyre is a heap of combustible material, typically used for burning a body as part of a funeral rite or ceremonial event.

1. The ancient villagers gathered around the pyre, ready to honor their fallen leader.
2. As night fell, the flames of the pyre danced brightly against the dark sky.
3. In a solemn ritual, they placed the offerings on the pyre to ensure a safe passage to the afterlife.
4. The scent of burning wood and herbs filled the air as the pyre consumed the carefully arranged tributes.
5. Her heart ached as she watched the pyre burn, knowing it symbolized both loss and remembrance.
